MEMORANDUM FOR : [redacted]
 Chief, Classification Review Division

FROM : [redacted] FPL/IRB

SUBJECT : Request for DARE Update

STAT

1) In reply to a Freedom of Information request, [redacted] of the Initial Review Branch of IMS/FPLG recently reviewed the Secret Intelligence and Special Operations volumes of the OSS War Diaries. The Diaries were written by the OSS staff in London in 1945 and cover the OSS activities in the European Theater of Operations during World War II. The Diaries were released to the National Archives by the Agency in 1980 and were borrowed from NARS for this review. In 1979 when the Diaries were being reviewed, those parts of the record that could not be declassified were withdrawn from the bound volumes and placed in a special job at the Agency Records Center, (Job 79-332A). Withdrawal notices were inserted in the Diaries in place of the paper removed to be an index to the items withheld.

STAT

2) As consequence of the FOIA review, [redacted] has made several changes in the pages that have been withdrawn from the SO and SI War Diaries. The actual adjustments to the withdrawal notices and the Diaries have been made. IMS/Central Files Section and the Agency Records Center have also been advised so that their records can be changed accordingly. The purpose of this memorandum is to request that the DARE system be updated to reflect the following changes:

A) New items added to Job Number 79-332A:

Item Number	Classification	Volume	Page
19752	Confidential	I (SO)	xxi
19753	Confidential	I (SO)	59,60
19754	Confidential	3 (SO)	1167
19755	Confidential	7 (SO)	37-42
19756	Confidential	7 (SO)	50

(DARE input sheets and the withdrawn items for the above are in the attached box.)

C) The following withdrawal items were diminished by pages being removed from the withdrawn material and placed back in the diaries. [redacted] decided that these pages were no longer classified and could be reunited with the War Diaries from which the pages had been removed by the reviewers in 1979.
